REQUEST FOR CERTIFICATE OF CORRECTION

Commissioner for Patents:

A certificate of correction is respectfully requested in the above-identified patent.

The following errors have been made:

In the title page, in item (75), a typographical error occurred in the city of the inventor, which reads "Briston." The correct spelling should read as --Bristol--, as stated in the General Authorization sent on October 19, 2000, and as recorded in the filing receipt sent from the USPTO on November 22, 2000,

In column 11, claim 14, line 15, as amended in the response to the Office Action submitted on November 17, 2005, a typographical error occurred in the following phrase, "...identifying the packet beginning of each suck packet..." The correct phrase should read --...identifying the packet beginning of each such packet...--. Due to claim canceling and renumbering, claim 14 of the issued patent was claim 16 during the prosecution of the application.

In column 14, claim 31, line 7, as amended in the response to the Office Action submitted on November 17, 2005, a typographical error occurred in the following phrase, "...portion of data in the alternative output stream." The correct phrase should read --...portions of data in the alternative output stream.--. Due to claim canceling and renumbering, claim 31 of the issued patent was claim 30 during the prosecution of the application.

Attached is the certificate of correction, which indicates the corrections to be made, by reference to the column and line numbers in the printed patent. Because the errors were made by the Patent Office, no fee is necessary. However if they are determined to be our errors, the Director is hereby authorized to charge payment of any fees associated with this communication to Deposit Account No. 19-1090.

Respectfully submitted,
